OLD SOLDIER DEAD.

John W. Quackenbush Died Yesterday Afternoon.

John W. Quackenbush, an old and highly esteemed resident of this city, died at his home on Ogden avenue yesterday afternoon after a long illness. He was born in Rochester, New York, and moved to this city eleven years ago. He leaves a wife and five children. Mr. Quackenbush was a veteran of the late war, having served as lieutenant in the first Michigan sharpshooters.

FLOOD OF LETTERS.

It Is Being Turned Loose On R. I.

Jarvis.

Ever since THE NEWS announced the fact that Roman L. Jarvis contemplated going into the newspaper business he has been flooded with letters from all parts of this congressional district. Some of these letters are from friends congratulating him on his purpose to engage in journalism and assuring him of their hearty support.

Others are from men who want jobs or have papers to sell. Newspapers have been offered him in every city and town in the district from South Haven to Allegan.

Mr. Jarvis will probably engage in the business but just where he will locate is not decided. It is possible that he may start a new weekly paper in Benton Harbor.

PERSONAL.

Alderman Merrill went to Holland today on business.

John Dempster of Chicago is visiting friends and relatives in the city.

Rev. Butler of Detroit will preach at the A. M. E. church at 7:30 this evening.

C. T. Warner returned last night from a business trip to Jamestown N. Y. and other cities.

H. C. Hurley is in Three Oaks figuring on a big job in connection with the new water works for that town.

Lowell Kennedy and W. H. Andrews were in Buchanan this week trying to organize a lodge of the order of Patriarchs.

Mrs. A. H. Simons and three children of Emmetsburg, Iowa arrived in the city yesterday to spend the winter with Mrs. J. A. Simon.

Samuel Phillips has returned from a trip to Chicago where he attended a meeting of the Merchants' association of the United States of which order he is a member.

CLOSE STATES.

Bryan Gets South Dakota Kentucky 12 to 1.

SIOUX FALLS, S. D., Nov. 13.—The republicans surrendered the state to the Bryan electors by about 400 majority, but do not give up the state offices, although they are willing to admit that the state ticket ran ahead of the electoral in all Bryan strongholds.

LOUISVILLE, Ky., Nov. 13.—The official count in Kentucky shows twelve republican electors and one democratic elector chosen.

MANISTEE SENSATION.

Major Blacker Labels a Disreputable House.

MANISTEE, Nov. 13.—An alleged disreputable resort in the Fifth ward has given the police much trouble. The proprietress has been arrested several times but has always been acquitted by reason of the neighbors testifying that they knew nothing against the place. The other night by order of Mayor Blacker an electric light was placed in front of the place with a trans-penancy on two sides of the lamp reading: "Caution! This is a house of ill-fame run by the notorious 'Lillian Russell.' The sight attracted large crowds.

RURAL FREE MAIL DELIVERY.

Inhabitants of an Indiana County Do Not Like the Experiment.

INDIANAPOLIS, Ind., Nov. 13.—A rural free mail delivery experiment is being made in Bartholomew county. Thirtysix square miles are covered by three carriers on horseback. There were three postoffices in the densely populated township before the test was begun: Hope, Hartsville and Rugby. Rugby was discontinued during the period of the test. It is late in the day before many of the farmers get their mail, and there is opposition to the system all over the eastern part of the township. The farmers have signed a petition asking that the Rugby post office be re-established.

Inspector Moore says it is daily growing in favor, and he believes that by the time the test is ended, June, 1897, everybody in the township will wish to have it a permanent thing.

Their Own States.

Bryan carried Nebraska by 12,886.

McKinley carried Ohio by 49,398.

WORK FOR EVERYONE

The Crouch Construction Company Are Compelled to Import Laboring Men.

HOME MEN HAVE PREFERENCE

Other Railroad News Along the Line of Construction of the St. Joseph Valley.

An item appeared in the NEWS last evening to the effect that forty Italians had been shipped into this city to work on the St. Joseph Valley railroad. Mr. Crouch of the Crouch Construction company, who have the contract for building the road was seen by a NEWS reporter this morning and said that the report was untrue, that the men imported here were Americans and Danes and further said that it was impossible to obtain local talent in sufficient numbers to do their work. He further said that any man capable of doing a day's work could have steady employment by applying at their office, and that there was enough work for everyone who cares to work. "We have had any amount of trouble in getting men and teams. We have advertised for both to no benefit. Why, I had circulars printed and distributed all over town asking for twenty-five men and out of the hundred men who hang around the street corners daily just two men came and applied for work. Since that time other Benton Harbor men have gone to work for us but they are of a different stamp than those who hang around the corners and complain of hard times."

The company are sure of encountering two more sink holes between Territorial street and Britain avenue. In order to avoid any more accidents they will drive spikes and build bridges over these seemingly bottomless places and fill them with sand and brush later.

No settlement has been made with Mr. Galligan as yet.

It is explained that while his majesty has expressed his willingness to the Swedish minister at Washington to act as arbitrator, as proposed, his majesty must receive a formal official request to act before he can give his consent, but there is no doubt he will agree to it. It is further stated that, as in previous cases, for instance, when King Humbert of Italy and the president of the Swiss republic consented to act in behalf of their respective countries, to act as the fifth member of court of arbitration was conveyed to King Oscar, and his majesty sent the correspondent the following message in reply:

"The king not having received an official communication regarding the arbitration, he is unable at present to make a statement on the subject."

FRIDAY, NOVEMBER 13, 1896.

The Buchanan Independent which believes that "To abolish poverty abolish the saloon," is now twenty-one years old. Never was the Independent better than now under the management of Alfred Sewall. Alfred Sewall is not Arthur Sewall.

It would be interesting if Hon. Roman I. Jarvis would drift into the newspaper business. Some of the papers, it is intimated, referred to him during the late campaign and as an editor it is expected that Mr. Jarvis would repay some of the compliments he received.

"FREE trade, free silver, free hell." This was the anti-election sign put up in a Grand Rapids factory. Judging from the majority against the first two steps in the ladder at the late election it is very doubtful if the first two lead to the third. It's the majority that the Good Book declares end up at the evil destination.

Now in the face of the settlement of all entanglements with England General Miles advises an increase in the standing army. Such a step will not strengthen the republicans with the mass of the people and it is hoped that no attention will be paid to the old general. This country has army enough for her needs.

The glamour of Distance. It is laughable how the consuls of the different nations in Africa, Asia and South America are frequently criticised by their papers at home for not being more assiduous in looking after the commercial interests of their countries, and how they are bidden to take pattern by the representatives of other nations. Thus the British trade papers hold the German and United States consuls up as admirable examples, and the United States and Germany go into raptures over the faithful and energetic conduct of the Brits. And so it goes on—New York Merchants' Review.

Sing Sing's Favorite Book.

There is a touch of pathos in the statement that the book most frequently called for in the library of Sing Sing prison is Charles Reade's "Never Too Late to Mend." The same author's "Put Yourself In His Place" holds the second place in popularity with the inmates of the prison.

The superior inventive genius of Americans is clearly shown in the report of the commissioners of patents, who says that 88 foreign countries, including Great Britain, Germany, Russia and France, have only issued from earliest time up to Dec. 31 last 981,981 patents, against 853,488 issued so far by this country alone.

The Phoenix Hotel.

A great many people go there simply for the reason that they employ nothing but experienced women cooks, and what you eat is clean and reliable. The best of meats, fresh from the market, three times daily. Pastry can't be excelled anywhere in the city. Rates for the winter, 25¢ per meal or 21 meals for \$3.25, while in the lunch room you can procure anything you like in the way of short orders. Oysters a specialty.

Cautious Prophet.

In those days, when people are wont to complain of any mistake made in the prognostications sent out from the weather bureau, it is amusing to read of the complaisant manner in which Clough, in his "New England Almanac" for the year 1702 and later, predicted the weather.

"Perhaps," he says, from the 15th to the 23d of January, "it will be very cold weather if it freezeth by the fire-side or on the sunny side of a fence at noon."

In April he says: "Perhaps wet weather if it raineth." "Now fair weather if the sun shineth." "Windy or calm."

And in July he writes pleasantly, "If now the weather do prove fair, people to Cambridge do repair."

It appears that Mr. Samuel Clough knew how to secure himself against criticism.

Imitation Leathers. Numerous varieties of imitation leather are produced from sheepskins. Considerable quantities are made to simulate glazed kid, black and colored, and alligator. These bear so close a resemblance to the real that the difference is not always discernible, even to men familiar with the trade. They are in use in the production of shoes that can be sold at low prices, for which the demand is greater than usual in these times.—Shoe and Leather Reporter.

SALARY TOO SMALL.

Kick From the Board of County Canvassers.

The board of county canvassers completed its work today at noon. The result of its work makes no material change in the unofficial figures already published.

The expense to the county of making the canvass will be in the neighborhood of \$30, a saving over other years, for the same labor, of nearly \$150. Heretofore the board of canvassors was composed of one representative from each voting precinct and the county was obliged to pay each member his per diem and mileage which in the aggregate made a neat sum.

Under the new law which recently went into effect the board comprises three members who are elected to the office by the board of supervisors. The salary is fixed at \$8 per day and mileage, the same compensation allowed the supervisors. There is considerable dissatisfaction among the canvassors over the salary given them. They hold that they cannot afford to neglect their business for the insignificant sum of \$8 per day.

The result of the official count follows, the total vote in the county of each candidate being given:

WILL CLOSE TOMORROW.

Watson's Cider Mill Will Close Operations.

Watson's cider mill will close tomorrow. The season has been very successful for the new firm. Apples have been cheap and cider has brought a good price. Since the mill opened late in September, 200,000 gallons of cider have been made. This cider was sold mostly at wholesale and shipped to all parts of the country. W. M. Watson, the manager of the company, is well pleased with St. Joseph and if apples are plenty next year, will operate the mill again. The mill may open again in about 10 days for a short run, if there is no freeze and apples continue to pour in.

Pottawatomie Indians Near South Bend Now Getting Their Government Claims Cashed.

ABOUT 40 FAMILIES OF THEM.

Chief Pokagon Now Ready to Go to the Happy Hunting Place.

SOUTH BEND, Nov. 13.—The Reporter prints a long article concerning the Pottawatomie Indians in which it says:

It is through the untiring, ceaseless efforts of their venerable chief, Simon Pokagon, who lives at Hartford, Mich., that the now thinning ranks of that once powerful tribe of Indians, the Pottawatomies are receiving their just dues from the United States government.

The amount is \$118,000 and is for lands in southern Michigan, northern Indiana and Illinois and several lots in what is now the city of Chicago, the latter being of great value.

This was a tribe of mighty hunters and warriors and were the first to fall under Pere Marquette, the whole tribe being baptized by him and have remained devout Catholics since. They were a mixture of many Algonquin tribes, and only amalgamated in time of war.

Their hostile action toward the government in the war of 1812 lost them nearly all their lands, and the St. Joseph band was driven beyond the Mississippi by U. S. troops. Sixty families resisted and pleaded to be allowed to remain, the result of which a small tract of land was given them in the southwestern corner of Michigan and for a nominal sum they gave up the rich valleys of St. Joseph and Kalamazoo. There are today about 40 families, numbering 270 people, being but a mere remnant of their former power. But they are good Indians. One reason for their diminishing so rapidly is consumption, civilization not agreeing with them.

Their chief, Simon Pokagon, is a grand old man of 73, straight as an arrow and an Indian every inch. He is the last of the great race of elders. He is very intelligent and this trait has won him fame in national councils. He rejoices over their recent triumph and looks forward to the purchase of farms and farmland and the prosperity of his dusky children. Each head of a family will receive nearly \$3,000.

A visit to the Pottawatomie settlement near Dowagiac would find them living in crude civilization and speaking their peculiar dialect.

As the government is now paying their long standing debt it is hoped the Pottawatomies will make the most of it and improve their condition. Old Pokagon once remarked that when his children received their claim he was ready to go to the happy hunting grounds, but not before. May his life be spared for many more years.

The claims resulting in this vicinity are now being paid by Mr. Sheely, a government official from Arkansas.

The payment of the Pottawatomies long standing claim against the government recalls many memories of pioneer days to the older residents. It seems long ago to the residents of a new country, where have been erected towns and cities in a generation, since the forests about us were full of deer and Indians. But it is not so long ago after all. It is but a day in the history of an European nation. Only a half century ago the father of Simon Pokagon sold the swamp lands on which Chicago now stands for one cent an acre. What a fabulous investment it would have been had the real estate dealers been able to look into the future for a single generation. The lakes and rivers, and the forests and pastures from Mackinaw to the Kalamazoo, and from Lake Erie to the Kankakee were once the hunting grounds of this populous tribe. They were not warlike; much less so than the Miami who owned this territory previous to the occupation by the Pottawatomies. The latter tribe continued to call our pretty river in their tongue "the river of the Miami," until the French missionaries rechristened it.

CLOSE STATES.

Bryan Gets South Dakota—Kentucky 12 to 1.

STOCKFALLS, S. D., Nov. 13.—The republicans surrender the state to the Bryan electors by about 400 majority, but do not give up the state offices, although they are willing to admit that the state ticket ran ahead of the electoral in all Bryan strongholds.

LOUISVILLE, Ky., Nov. 13.—The official count in Kentucky shows twelve republican electors and one democratic elector chosen.

MANISTEE SENSATION.

Mayor Blacker Labels a Disreputable House.

MANISTEE, Nov. 13.—An alleged disreputable resort in the Fifth ward has developed among McKinley electors in Michigan. It is stated that no sooner than each wrote to the others asking its support for the position of messenger to carry the Michigan vote to Washington. The result is that there are in Michigan fourteen men each of whom has thirteen letters reading like this: "I know of no one whom I would sooner support than you were I not a candidate myself."

Mr. Blacker, an electrician, placed a transom over two sides of the lamp reading, "Caution! This is a house of ill-fame run by the notorious 'Lillian Russell.'"

The sight attracted large crowds.

RURAL FREE MAIL DELIVERY.

Inhabitants of an Indiana County Do Not Like the Experiment.

INDIANAPOLIS, Ind., Nov. 13.—A rural free mail delivery experiment is being made in Bartholomew county. Thirty-six square miles are covered by three carriers on horseback. There were three post offices in the densely populated township before the test was begun—Hope, Hurtsville and Rugby. Rugby was discontinued during the period of the test. It is late in the day before many of the farmers get their mail, and there is opposition to the system all over the eastern part of the township. The farmers have signed a petition asking that the Rugby post office be re-established.

Inspector Moore says it is daily growing in favor, and he believes that by the time the test is ended, June, 1897, everybody in the township will wish to have it a permanent thing.

Gov. Allard turned Stock.

LANSING, Mich., Nov. 12.—The Lansing street railway has never paid a cent of dividends, but cost not end of money in expenses and litigation. It is now discovered that Gov. John P. Allard was one of the original projectors of the road and a heavy stockholder 10 years ago.

"Rome Was Not Built in a Day"

Neither was our present business, but months of hard persistent hummering, and a desire to please at any cost has accomplished much.

The best advertisement we have is the continued growth of our business, and our introduction of new things in the market.

For this week we desire to call the ladies' attention to a new style of corset

Which cannot break at the waist line. We desire that all the ladies call and examine this, the latest, in corsets.

Notice.

TABLE products of Anthracite Coal seem to have adopted the theory that their product is something more than coal, it is a coal with a difference, from the Wiltshire region, the best in the market and sells your orders at current prices. No chomics are given away with this coal, neither do we make any extravagant promises as to the latent energy (heat) which it contains. We simply offer it on its intrinsic merit. If, as the old saying goes, "you can't make much out of a mule, we are even less anxious to supply you. As the amusement man in the circus would say, "We are here for that purpose."

SALARY TOO SMALL.

Kick From the Board of County Canvassers.

The board of county canvassers completed its work today at noon. The result of its work makes no material change in the unoffical figures already published.

The expense to the county of making the canvass will be in the neighborhood of \$50, a saving over other years, for a sum labor, of nearly \$150. Heretofore the board of canvassers was composed of one representative from each voting precinct and the county was obliged to pay each member his per diem and mileage which in the aggregate made a next sum.

Under the new law which recently went into effect the board comprises three members who are elected to the office by the board of supervisors. The salary is fixed at \$3 per day and mileage, the same compensation allowed the supervisor. There is considerable dissatisfaction among the canvassers over the salary given them. They hold that they cannot afford to neglect their business for the insignificant sum of \$3 per day.

The result of the official count follows, the total vote in the county of each candidate being given:

Governor—Total, 11,931; Pingree, 6615; Sibley, 4,809; Sprague, 311; Safford, 129; Gibbons, 38.

WILL CLOSE TOMORROW.

Watson's Cider Mill Will Close Operations.

Watson's cider mill will close tomorrow. The season has been very successful for the new firm. Apples have been cheap and cider has brought a good price. Since the mill opened late in September, 200,000 gallons of cider have been made. This cider was sold mostly at wholesale and shipped to all parts of the country. W. M. Watson, the manager of the company, is well pleased with St. Joseph and if apples are plenty next year, will operate the mill again. The mill may open again in about 10 days for a short run, if there is no freeze and apples continue to pour in.

AMONG THE SPORTSMEN.

Eugene Duggott has returned from Lake Maxinekeewa, after a two weeks' hunting trip.

Captain Stevens, Al Ankli, George Rinnerer and Fred Alden went out to Stevensville on a hunting trip yesterday and succeeded in bringing home a good bag of game.

Fred Beers and Frank Fowler went hunting yesterday south of Stevensville. They bagged several quail, two rabbits, a chipmunk and a squirrel.

Joseph Burkhardt and Norman Badger send word from Indiana that they are erecting great hayne among the quail in that vicinity.

ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN, AND THIS IS THE ESSENCE OF VIRTUE.

A Card to the Public.

Benton Harbor, April 23, '96.

DEAR FRIEND:

I am a friend in need is a friend indeed
I want to say I found you fifteen years
ago when I thought my days were
numbered. I was nothing but skin and
bones, being all run down with chronic
diarrhoea, indigestion and general debili-
ty that had been coming upon me for
years. I had doctorred with local
physicians, taking the most powerful
medicines but they failed to cure.
Having given up all hopes of a cure I
went to see you during one of your vis-
its to our town, and I can truly say you
saved my life. This is also the belief
of my wife and family. I am now sixty-
three years old and feel as well as I
ever did, only my strength will not
hold out as long as a younger man, but
I cannot find words to express the
gratitude I feel toward you. I have
just this to say to any one, man, woman
or child who is suffering with my ail-
ment, no matter if your case is a bad
one and other physicians have failed to
cure you, don't give up until you give
Dr. Booth a trial. You may think you
can't afford it, but where there's a will
there's a way, and the doctor will
meet you half way. I know further
more if you try him you will always
find me showing you the way, for
he has climbed to the top of the ladder
in his profession. RUFUS BRUNSON.

Dr. Booth will be at Hotel Benton,
Benton Harbor, from 4 p.m. Novem-
ber 17 until 8 p.m. November 18.
